

# CONTENTS

## **PANEL 3: INTRODUCTION**

### **Russian Apartment Building Thermal Response Models for Retrofit Selection and Verification**

Peter Armstrong, *Battelle, Pacific Northwest Division*

Jim Dirks, *Battelle, Pacific Northwest Division*

Ray Reilly, *Battelle, Pacific Northwest Division*

Bill Currie, *Battelle, Pacific Northwest Division*

Ron Nesse, *Battelle, Pacific Northwest Division*

Oleg Komarov, *Foundation for Enterprise Restructuring and Financial Institutions Development*

Boris Nekrasov, *Foundation for Enterprise Restructuring and Financial Institutions Development*

### **Vote Early, Vote Often: Using *Energy-10* to Design Low Energy Buildings**

J. Douglas Balcomb, *National Renewable Energy Laboratory*

N. L. Weaver, *InterWeaver Consulting*

### **Applying Natural Cooling to Slab Floors**

Richard C. Bourne, *Davis Energy Group, Inc.*

Marc A. Hoeschele, *Davis Energy Group, Inc.*

### **First Principles Model for Integrated Cooling Systems**

James D. Bradford, *Schiller Associates*

James N. Zarske, *University of Colorado*

Michael J. Brandemuehl, *University of Colorado*

Christopher C. Schroeder, *Schiller Associates*

### **Demonstrated Energy Savings of Efficiency Improvements to a Portable Classroom**

Michael P. Callahan, *Florida Solar Energy Center*

Danny S. Parker, *Florida Solar Energy Center*

John R. Sherwin, *Florida Solar Energy Center*

Michael T. Anello, *Florida Solar Energy Center*

### **Using Extended Surface Air Filters in Heating Ventilation and Air Conditioning Systems: Reducing Utility and Maintenance Costs While Benefiting the Environment**

Michael J. Chimack, *Energy Resources Center, University of Illinois at Chicago*

Dave Sellers, *Portland Energy Conservation, Inc.*

### **The Direct Digital Control Crisis in Oregon Public Schools: Offering Solutions Through Trouble-Shooting Services, Construction Specifications and DDC Circuit Rider Services**

Gregory Churchill, *Oregon Office of Energy*

### **Campus-Wide Continuous Commissioning<sup>SM</sup> of University Buildings**

David E. Claridge, *Texas A&M University*

Charles H. Culp, *Texas A&M University*

Mingsheng Liu, *University of Nebraska*

Song Deng, *Texas A&M University*

W. D. Turner, *Texas A&M University*

Jeff Haberl, *Texas A&M University*

### **Banking on Fuel Cells: Increasing Efficiency and Availability with Fuel Cells**

Thomas J. Ditoro, *HDR Architecture, Inc.*

### **Assessment of Indoor Relative Humidity Variations on the Energy Use and Thermal Performance of Supermarkets' Refrigerated Display Cases**

Ramin T. Faramarzi, *Southern California Edison Company, Refrigeration Technology & Test Center*

Rafik Sarhadian, *Southern California Edison Company, Refrigeration Technology & Test Center*

Richard S. Sweetser, *EXERGY Partners Corp.*

### **The State of Affairs—Packaged Cooling Equipment in California**

Don R. Felts, *Energy Consultant*

Patrick Bailey, *GeoPraxis*

### **Effect of Moisture on Thermal Performance and Energy Efficiency of Buildings with Lightweight Concrete Walls**

Dariusz Gawin, *Technical University of Lodz (Poland)*

Jan Kosny, *Oak Ridge National Laboratory*

André Desjarlais, *Oak Ridge National Laboratory*

### **Model-Based Performance Monitoring of Chillers: Review of Diagnostic Methods and Chiller Case Study**

Philip Haves, *Lawrence Berkeley National Laboratory*

Sat Kartar Khalsa, *Lawrence Berkeley National Laboratory*

### **Using the Whole-Building Design Approach to Incorporate Daylighting into a Retail Space**

Sheila J. Hayter, *National Renewable Energy Laboratory*

Paul A. Torcellini, *National Renewable Energy Laboratory*

Mark Eastment, *National Renewable Energy Laboratory*

Ron Judkoff, *National Renewable Energy Laboratory*

### **A Showcase for Energy Efficient Hotels in Southeast Asia**

Kristopher L. Kinney, *Engineered Web Information Systems*

Eng Lock Lee, *Electric Eye Pte. Ltd., Singapore*

### **Reference Specifications for Energy and Resource Efficiency**

Erik Kolderup, *Eley Associates*

Anthony Bernheim, *Simon Martin-Vegue Winkelstien Moris*

Virginia Lew, *California Energy Commission*

Brian Liebel, *Afterimage*

John Raeber, *FAIA, FCSI*

Aditi Raychoudhury, *Eley Associates*

Steven Taylor, *Taylor Engineering*

### **Commercial Packaged Refrigeration: An Untapped Lode for Energy Efficiency**

Toru Kubo, *American Council for an Energy-Efficient Economy*

Steven Nadel, *American Council for an Energy-Efficient Economy*

Margaret Suozzo, *American Council for an Energy-Efficient Economy*

### **Field Performance of a Card Key Energy Saving System for Hotels and Motels**

Henry Lau, *Southern California Edison*

### **Measurement and Verification of Energy Savings at Small Commercial Facilities**

Alex H. W. Lee, *Conservation Services Group, Inc.*

### **Electrochromic Windows for Commercial Buildings: Monitored Results from a Full-Scale Testbed**

Eleanor S. Lee, *Lawrence Berkeley National Laboratory*

Daniel L. DiBartolomeo, *Lawrence Berkeley National Laboratory*

Stephen E. Selkowitz, *Lawrence Berkeley National Laboratory*

### **Integrated Lighting Approach Saves Energy in Post Office Facilities**

Jeffrey C. Mitchell, *Lawrence Berkeley National Laboratory*

Michael J. Siminovitch, *Lawrence Berkeley National Laboratory*

Eric R. Page, *Lawrence Berkeley National Laboratory*

Kevin W. Gauna, *Lawrence Berkeley National Laboratory*

Douglas A. Avery, *Lawrence Berkeley National Laboratory*

### **Lighting Energy Savings Opportunities in Hotel Guestrooms**

Erik Page, *Lawrence Berkeley National Laboratory*

Michael Siminovitch, *Lawrence Berkeley National Laboratory*

### **Opportunities for Energy Savings in Hotels Through Bus-Technology Based Building Energy Management Systems**

Kai Paulusch, *University of Stuttgart, IER*

Kai Sander, *University of Stuttgart, IER*

Christoph Weber, *University of Stuttgart, IER*

### **Lean Buildings: Energy Efficient and Commercial Buildings in Germany**

C. F. Reinhart, *Fraunhofer Institute for Solar Energy*

K. Voss, *Fraunhofer Institute for Solar Energy*

A. Wagner, *Technical University of Karlsruhe*

Gunther Lohnert, *sol-id-dar Architects & Engineers*

**A Comparison of the Ventilation Rates Established by Three Common Building Codes in Relationship to Actual Occupancy Levels and the Impact of these Rates on Building Energy Consumption**

Dave Sellers, *Portland Energy Conservation, Inc.*

Jerry Williams, *McClure Engineering Associates, Inc.*

**Environmental Conditions and Occupant Perceptions in European Office Buildings**

John L. Stoops, *Chalmers University of Technology*

**Baselines and Barriers: Current Design Practices in Daylighting**

Peter W. Turnbull, *Pacific Gas and Electric Company*

George A. Loisos, *Pacific Gas and Electric Company*

**Public Interest Energy Research on Building Commissioning in California**

Joseph Wang, *California Energy Commission*

Steve Blanc, *Pacific Gas and Electric Company*

Richard Fromberg, *Pacific Gas and Electric Company*

David A. Jump, *Schiller Associates*

Mary Ann Piette, *Lawrence Berkeley National Laboratory*

**Establishing an Energy Efficiency Recommendation for Commercial Boilers**

Michelle J. Ware, *Lawrence Berkeley National Laboratory*

**Roof Heating and Cooling Loads in Various Climates for the Range of Solar Reflectances and Infrared Emittances Observed for Weathered Coatings**

Kenneth E. Wilkes, *Oak Ridge National Laboratory*

Thomas W. Petrie, *Oak Ridge National Laboratory*

Jerald A. Atchley, *Oak Ridge National Laboratory*

Phillip W. Childs, *Oak Ridge National Laboratory*

**The California Statewide Baseline Study of the Non-Residential New Construction Market**

Roger L. Wright, *RLW Analytics*

Marian Brown, *Southern California Edison*

Douglas Mahone, *The Heschong Mahone Group*

Ramona Peet, *RLW Analytics*

Pete Jacobs, *Architectural Energy Corporation*

**Performance Diagnostics of Thermal Distribution Systems in Light Commercial Buildings**

Tengfang T. Xu, *Lawrence Berkeley National Laboratory*

Mark P. Modera, *Lawrence Berkeley National Laboratory*

Remi F. Carrie, *Lawrence Berkeley National Laboratory*

**A Joint U.S.-China Demonstration Energy Efficient Office Building**

Mary Beth Zimmerman, *U.S. Department of Energy*

Yu Joe Huang, *Lawrence Berkeley National Laboratory*

Rob Watson, *Natural Resources Defense Council*

Shi Han, *Administrative Centre for China's Agenda 21*

Ron Judkoff, *National Renewable Energy Laboratory*

Micah Sherman, *National Renewable Energy Laboratory*

**Accurate Transmittance Measurements on Hollow Glass Blocks**

Michele Zinzi, *ENEA-SIRE-DINT CR Casaccia*

Augusto Maccari, *ENEA-TML CR Casaccia*

Piero Polaato, *Stazione Sperimentale del Vetro*

Giuseppe Rossi, *IEN Galileo Ferraris*

Massimo Sarotto, *IEN Galileo Ferraris*
