

11 Appliances and Equipment

Testing Residential Combined Heat and Power Systems at the Canadian Centre for Housing Technology

Mike Bell, Natural Resources Canada
Mike Swinton, National Research Council
Evgueniy Entchev, Natural Resources Canada
John Gusdorf, Natural Resources Canada
Walter Kalbfleisch, National Research Council Canada
Roger Marchand, National Research Council Canada
Frank Szadkowski, Natural Resources Canada

Thinking Outside the Refrigerator: Shutting Down Power Plants with NAECA?

Reuben Deumling, University of California

Cold Hard Facts About Metering Refrigerators That Aren't There

Miriam Goldberg, KEMA-XENERGY
Jennifer Fagan, KEMA-XENERGY
Shahana Samiullah, Southern California Edison

Digital TV and Broadband Communication: Containing the Energy “Black Hole” with the Innovative Policy Tool of a Code of Conduct

Bob Harrison, UK Department of Environment
Paolo Bertoldi, European Commission, Directorate General JRC
Ken Dale, Pace Micro Technology plc
Michael Jaekel, Abakus on behalf of DENA
Hans Paul Siderius, NOVEM

Standby Power and How to Use Less of It

Shane Holt, Australian Greenhouse Office
Lloyd Harrington, Energy Efficient Strategies

A Comparative Study of High-Efficiency Residential Natural Gas Water Heating

Stephanie H. Jones, Consortium for Energy Efficiency
Stephen Bicker, NW Natural Gas

Evaporative Cooling for a Growing Southwest: Technology, Markets, and Economics

Larry Kinney, Southwest Energy Efficiency Project

New Equipment Efficiency Standards: An Opportunity to Achieve Substantial Energy Savings and Emission Reductions in China

Liang Xiuying, China National Institute of Standardization
Steven Nadel, American Council for an Energy-Efficient Economy
Li Aixian, China National Institute of Standardization
Chen Haihong, China National Institute of Standardization

Assessing the Implementation of Household Appliance Efficiency Standards in China

Liu Fuzhong, China Household Electric Appliances Assoc.
Xu Dongsheng, China Household Electric Appliances Assoc.
Wan Chunhui, China Household Electric Appliances Assoc.
Cheng Jianhong, China National Institute of Standardization
Steven Nadel, American Council for an Energy-Efficient Economy

Power in a Portable World: Usage Patterns and Efficiency Opportunities for Consumer Battery Chargers

J. Andrew McAllister, University of California, Berkeley
Alexander E. Farrell, University of California, Berkeley

A Systems Approach to Retrofitting Residential HVAC Systems

Jennifer A. McWilliams, Lawrence Berkeley National Laboratory
Iain S. Walker, Lawrence Berkeley National Laboratory

Any Device, Any Mode: Measuring All Residential Low-Power Mode Energy Consumption

Bruce Nordman, Lawrence Berkeley National Laboratory
Peter Biermayer, Lawrence Berkeley National Laboratory
Gregory Homan, Lawrence Berkeley National Laboratory

Many Small Consumers, One Growing Problem: Achieving Energy Savings for Electronic Equipment Operating in Low Power Modes

Christopher Payne, Lawrence Berkeley National Laboratory
Alan Meier, International Energy Agency

What's On the T.V.: Trends in U.S. Set-Top Box Energy Use, Design, and Regulation

Leo Rainer, Davis Energy Group, Inc.
Jennifer Thorne Amann, American Council for an Energy-Efficient Economy
Craig Hershberg, U.S. Environmental Protection Agency
Alan Meier, International Energy Agency
Bruce Nordman, Lawrence Berkeley National Laboratory

The End of Energy Efficiency Improvements = The Start of Energy Savings?!

Hans-Paul Siderius, NOVEM

“We’ve Never Done That Before:” Making Energy Smart Homes Out of Existing Homes in Westchester County, NY

Dale Stanton-Hoyle, TRC Energy Services
John Oyhenart, TRC Energy Services
Shirley Anderson, TRC Energy Services
Richard Gerardi, New York State Energy Research and Development

Statewide Refrigerator Monitoring and Verification Study & Results

Dana Teague, NSTAR Electric & Gas

Michael Blasnik, M. Blasnik & Associates

Findings of Energy Label Design Research in China

Paul Waide, International Energy Agency

Christine Egan, Collaborative Labeling and Appliance Standards Program

Jin Minghong, China National Institute for Standardization
