NYSERDA Programs for Industry

- Enhanced Commercial Industrial Performance Program
- Peak Load Reduction
- FlexTech
- Loan Fund
- New Construction
- Industrial Research, Development and Demonstration
- Distributed Generation/Combined Heat and Power

Energy Smart Focus on Industry

- Goal: to achieve greater energy efficiency awareness and energy efficiency penetration in the industrial sector
- Clearinghouse of efficiency programs and initiatives available for NYS industry
 - For example: NYSERDA, DOE, EPA, CEE, ACEE, etc.
- Promote energy efficiency to senior management to maximize potential for follow-up action

Case Studies

- **Anheuser-Busch** - Installed a plate and frame heat exchanger and a new condensing heat exchanger to improve efficiency and reliability, reducing annual fuel consumption by 6%, \$427,000 annually, with a simple payback of 2.3 years
- **Dairy Processing Plant** - Installed a condensing economizer on the boiler to recover waste heat and increase capacity, saving \$45,000 during the first year of operation, with a simple payback of just less than 4 years
