

Sunday, June 7, 2009				
5:00	Registration Open			
6:00 - 7:00	Dinner, Crocker Dining Hall			
7:30 - 9:30	Opening Reception, Fred Farr Forum			
Monday, June 8, 2009				
7:30	Registration Open			
7:30 - 8:30	Breakfast, Crocker Dining Hall			
8:30 - 10:00	Welcome and Plenary, Merrill Hall Plenary: Policy, Product, and a New Environment. Part 1: Technical Potential of Better Hot Water, DOE Rulemaking			
10:00 - 10:30	Break, Merrill Hall			
10:30 - 12:00	Plenary: How Did We Get Here -- Review and Prospects. Pagette, SEGWAI, and ENERGY STAR			
12:00 - 1:00	Lunch, Crocker Dining Hall			
1:30 - 3:00	Tracks Generating Hot Water 1A: Nautilus Test Procedures & Their Limitations	Distributing & Using Hot Water 1B: Triton Multifamily 1: Central v. Distributed Architectures, Case Studies	Programs 1C: Heather Water Utility Efficiency Programs	Structured Plumbing, HWSim 1D: Merrill Hall HWSIM I
3:00 - 3:30	Break, Merrill Hall			
3:30 - 5:00	2A: Nautilus Solar Water Heating	2B: Triton Multifamily 2: Recirculating System Study, Controls	2C: Heather Extending the ENERGY STAR Water Heater Program: Commercial, Combo, and Others	2D: Merrill Hall HWSIM II
6:00 - 7:00	Dinner, Crocker Dining Hall			
7:30 - 9:00	Plenary: Energy Efficiency vs. Water Efficiency: Point/Counterpoint!			
9:00 - 10:30	Snacks and Beverages in Display Area			
Tuesday, June 9, 2009				
7:30	Registration Open			
7:30 - 8:30	Breakfast, Crocker Dining Hall			
8:30 - 10:00	3A: Nautilus Breakthroughs	3B: Triton Plumbing Codes and Green Plumbing; California Energy Code Activities	3C: Heather 200,000 SWH by 2020	3D: Merrill Hall Structured Plumbing A: Concepts
10:00 - 10:30	Break, Merrill Hall			
10:30 - 12:00	4A: Nautilus Hybrid and Combination Water Heaters	4B: Triton Field Studies of Hot Water Use	4C: Heather Launching Heat Pump Water Heater Utility Programs	4D: Merrill Hall Structured Plumbing B: Application (S.P. I is pre-requisite)
12:00 - 1:00	Lunch, Crocker Dining Hall			
1:30 - 3:00	5A: Nautilus Distributed Water Heating and Recirculating Demand Systems	5B: Triton Commercial Kitchens	5C: Heather New Program Directions	5D: Merrill Hall Structured Plumbing A: Concepts
3:00 - 3:30	Break, Merrill Hall			
3:30 - 5:00	6A: Nautilus ENERGY STAR Water Heating Technologies	6B: Triton Drainwater Heat Recovery	6C: Heather Practical Performance of Water Heaters	6D: Merrill Hall Structured Plumbing B: Application (S.P. I is pre-requisite)
6:00 - 7:00	Dinner, Crocker Dining Hall			
7:30 - 9:00	Plenary Panel: Building the Future of High Performance Water Heating, Fixing the Past Mistakes			
9:00 - 10:30	Snacks and Beverages in Display Area			
Wednesday, June 10, 2009				
7:30	Registration Open			
7:30 - 8:30	Breakfast, Crocker Dining Hall			
8:30 - 10:00	7A: Nautilus Beyond the Rating Methods: Energy Saving with Smart Controls	7B: Triton Paths to Deep Reductions: No Regrets Retrofits for Hot Water Systems	7C: Merrill Hall Utility Program Evaluations	
10:00 - 10:30	Break, Merrill Hall			
10:30 - 12:00	8: Merrill Hall Structured Small Group Discussions What are the important themes of the last two and half days? What should a hot water system look like in 10 years? What needs to happen to get there? Don't forget to fill out the HWF Evaluation on the ACEEE HWF web page! http://aceee.org/conf/09whforum/index.htm
