

Grid-Interactive Efficient Buildings

Break-out Session 3D

**ACEEE National Conference on
Energy Efficiency as a Resource**

17 October 2019

3D: Grid-Interactive Efficient Buildings

Moderator: Dan York, ACEEE

Technical Report Series: Opportunities for Energy Efficiency and Flexibility

- Presenters: Monica Neukomm, US Department of Energy
- Karma Sawyer, US Department of Energy

Assessing the Potential for Energy Flexibility Alongside Energy Efficiency

- Presenter: Jared Langevin, Lawrence Berkeley National Laboratory

Grid Interactive Building in the Midwest

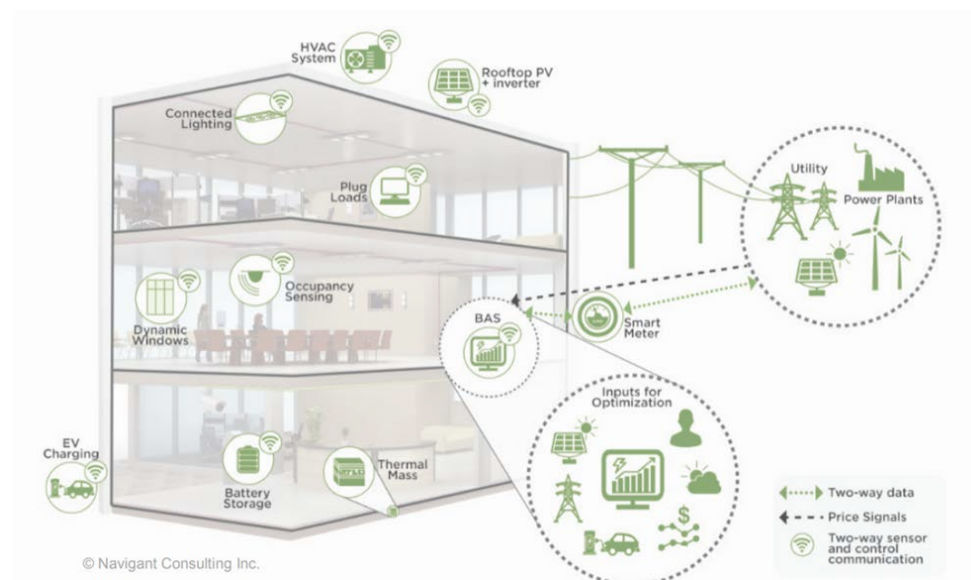

- Presenter: Alison Lindburg, Midwest Energy Efficiency Alliance

Grid Interactive Building Programs in the Southwest

- Presenter: Justin Brant, Southwest Energy Efficiency Project

Session Objectives

- What's a GEB, anyway?
- What's the future for GEBs? Opportunities?
- What good are GEBs? Benefits to the grid? Customers?
- Where is GEB happening? Leaders? Examples?
- What's holding GEBs back? What's needed to move ahead?
