Technical Assistance Policy or Program Information

Page description:

The following questions ask for information about the rental home energy efficiency initiatives (policies or programs) for which you are requesting technical assistance.

1. Please describe the rental energy efficiency policy and/or program that the proposed technical assistance will help advance. *

You may choose to upload documents containing this information at the end of the application rather than provide your answer here. If you do so, please indicate in the response box below where we can find the requested information in the attachment.

2. How do you envision our technical assistance services being used to advance your planned or active work? *

You may choose to upload documents containing this information at the end of the application rather than provide your answer here. If you do so, please indicate in the response box below where we can find the requested information in the attachment.

3. Please outline the scope of technical assistance work you are requesting from ACEEE. This should outline specific tasks and the timing of those tasks for all involved parties (local government, CBO(s), ACEEE, and other partners). Activities may begin and end at any point between February 2026 and June 2027. For examples of the technical assistance work we may be able to provide see, our technical assistance overview.

*If you choose to upload a separate scope of work document on the last page of this application rather than provide the information here, please ensure that the scope of work is no more than two pages in length. **

4. Please describe any funding and/or information challenges you may face in completing the work outlined in the scope of work. *

You may choose to upload documents containing this information at the end of the application rather than provide your answer here. If you do so, please indicate in the response box below where we can find the requested information in the attachment.

5. Please share information demonstrating local government leadership's commitment to establishing the policy or program the technical assistance is meant to support in the response box below. Examples include (but are not limited to) adopted policies or resolutions, letters of support from policymakers, or allocation of funding to specific projects. *

You may choose to upload documents containing this information at the end of the application rather than provide your answer here. If you do so, please indicate in the response box below where we can find the requested information in the attachment.

6. How do you expect the initiative(s) will affect housing affordability in your community? Please be as detailed as possible. *

You may choose to upload documents containing this information at the end of the application rather than provide your answer here. If you do so, please indicate in the response box below where we can find the requested information in the attachment.

7. What are other potential impacts of the policies and/or programs? Please be as detailed as possible.

*

You may choose to upload documents containing this information at the end of the application rather than provide your answer here. If you do so, please indicate in the response box below where we can find the requested information in the attachment.

Technical Assistance Stakeholder Involvement

Page description:

The following questions ask for information about the stakeholders that will be involved in creating and/or implementing the rental home energy efficiency improvement initiatives (policies or programs) for which you are requesting technical assistance.

8. Please provide an in-depth description of the past and current relationship between the local government and community-based organization (CBO) partner(s) listed at the beginning of this application. *

You may choose to upload documents containing this information at the end of the application rather than provide your answer here. If you do so, please indicate in the response box below where we can find the requested information in the attachment.

9. How would you like to see these relationships grow in the future?*

You may choose to upload documents containing this information at the end of the application rather than provide your answer here. If you do so, please indicate in the response box below where we can find the requested information in the attachment.

10. ACEEE can provide some funding to compensate CBOs for their participation in work related to our technical assistance. Please share the specific amount you are requesting and any information about these funding needs.

You may choose to upload documents containing this information at the end of the application rather than provide your answer here. If you do so, please indicate in the response box below where we can find the requested information in the attachment.

11. Please describe any current work being done by other organizations or groups that will affect the policy or program you are seeking to create and implement. *

You may choose to upload documents containing this information at the end of the application rather than provide your answer here. If you do so, please indicate in the response box below where we can find the requested information in the attachment.

12. What other partners (within or outside government) do you anticipate being involved in work on these policies or programs? Please describe their role in this work. *

You may choose to upload documents containing this information at the end of the application rather than provide your answer here. If you do so, please indicate in the response box below where we can find the requested information in the attachment.

Technical Assistance Additional Information

13. Please upload any supporting documents and files for your application below. This includes any documents providing information to questions you chose not to respond to directly on the application form.

You can upload up to 10 files.
