

ENERGY EFFICIENCY POLICY FORUM

DECEMBER 8, 2022

NATIONAL PRESS CLUB, WASHINGTON, DC

Sponsorship Prospectus

Forum Overview:

The 2022 Energy Efficiency Policy Forum will bring together stakeholders from the federal government, states, industry, and the advocacy community to discuss how recent landmark legislation and regulation gets implemented—a big job considering that the Inflation Reduction Act and the Infrastructure Investment and Jobs Act represent more than \$100 billion in new funding for programs that improve energy efficiency. We will also look to the future as our panelists discuss what is coming up on the administration's regulatory agenda and what kind of action we can expect for energy efficiency in the next Congress.

Three sessions will be offered focusing on:

➔ **Implementation of Inflation Reduction Act:** Hear from federal agency officials and other stakeholders who will have a voice in how the vision behind the Inflation Reduction Act and the Infrastructure Investment and Jobs Act will be realized through new and existing programs for our homes, offices, roads, and industrial facilities.

➔ **Executive Actions:** President Biden's cabinet has promulgated rulemakings covering clean air, vehicle standards, and appliance standards that have significant energy efficiency impacts. Panelists will discuss this rulemaking agenda and how federal agencies can use their authority to drive further reductions to greenhouse gas emissions.

➔ **Next Congress:** A bipartisan panel of key energy and environment players on Capitol Hill will talk about what we can expect in the next session of Congress and how advocates, industry, and community stakeholders can help congressional decision makers develop policies that are good for consumers, businesses, and American competitiveness.

Likely participants: The Policy Forum will bring together a diverse group of attendees including federal officials, policymakers, congressional staff, community-based organizations, energy service companies, energy efficiency product manufacturers, policy advocates, and energy efficiency program planners, operators, and evaluators.

ACEEE Conference Sponsorship Offerings

Benefit	Host \$50K+	Platinum \$25K+	Gold \$12K+	Silver \$6K+	Bronze \$3K+
3-minute welcoming remarks at plenary session	●	●			
Welcome or announcement sent through virtual platform during conference (approved by ACEEE)	●	●			
Preconference attendee list including names, titles, and organizations (no contact details)	●	●	●		
Recognition on meeting room splash slides	●	●	●	●	●
Placement of logo on conference website with link to chosen webpage	●	●	●	●	●
