

2026 Summer Study Energy Efficiency in Buildings

Pacific Grove, CA | August 2-7

The 2026 Summer Study on Energy Efficiency in Buildings is the premier conference on efficiency in buildings. Held biannually, SSB draws more than 1,000 participants to high-impact plenary sessions, presentations of more than 300 peer-reviewed papers, and engagement opportunities at dozens of scheduled informal sessions.

Participants from around the world gather to share research, spark innovation, and discover opportunities for collaboration to improve efficiency, affordability, and resiliency in the buildings sector.
