# Sponsorship Opportunities

## Virtual Forum March 10-11 & March 17-18, 2021

The Hot Water Forum is the only conference that deals exclusively with water heating. At ACEEE's 2021 Virtual Hot Water Forum, participants will interact with industry leaders and fellow professionals in a welcoming community that is passionate about hot water issues in technology, policy, and system design. The conference will feature presentations on topics like new program and policy designs for energy-efficient hot water systems, cutting-edge water heating products, and how efficient hot water systems can be used to meet emissions reduction goals.

Your support of HWF 2021 will reach 250+ attendees, including:

- ✓ Contractors
- ✓ Energy service consultants
- ✓ Engineers
- ✓ Equipment suppliers
- ✓ Finance workers
- ✓ Government researchers
- ✓ Manufacturers
- ✓ NGOs
- ✓ Plumbers, Installers, and Pipefitters
- ✓ Utility and program administrators
