

2019 SUMMER STUDY INDUSTRY: PANEL 3

POLICY – Setting the platform to launch the future

Panel Leaders: **Michael Kintner-Meyer**, *Pacific Northwest National Laboratory* and **Greg Lehoux**, *BC Hydro*

What will the industrial energy efficiency policies look like in the next decade? The Policy panel will explore the current challenges and opportunities for advancing industrial energy efficiency by digging deeper into:

- What's allowed and what's not in program design
- M&V policies that encourage greater investment in efficiency
- Policies and programs to decarbonize the industrial sector
